Hvorfor navnet Jarman?

Navnet er ikke tilfeldig.

**I 1855 startet nemlig våpenkonstruktøren
Jacob Smith Jarman og Ingeniør Prosper Nørbech
et mekanisk verksted på brygga i Kristiania.**

**Allerede to år etter ble dette Nylands mekaniske verksted som senere slo
seg sammen med velkjente Aker mekaniske verksted.**

**I lokalene der alt startet i 1855, fører nå
Jarman Gastropub det historiske navnet videre,
med god mat, god service og godt selskap!**

* * * * *

Why the name Jarman?

The name is not a random one.

*The year was 1855, and the capital of Norway is called Kristiania.
A Norwegian weapon designer by the name of Jacob Smith Jarman,
decided together with his good friend and colleague
engineer Prosper Nørbech – to open up
a mechanical workshop by the harbour in Kristiania.*

*Two years later this became Nylands mechanical workshop who later
joined together with Aker mechanical workshop – hence today's name:
Aker brygge!*

*In the premises where it all started in 1855,
Jarman now leads the historical name into the future;
With good food, good service and good times!*
